Note: Each division had a divisional bridging train and between the two divisions in each corps there were, generally, 3 medical companies and 3 pioneer companies.

Note: Each corps normally had a battalion (4 btrys, or 16 150mm guns) of heavy artillery, a radio detachment, an aviation detachment, and a corps bridging train. In addition, each corps had a number of infantry, artillery, and light (not in reserve corps) and heavy howitzer munition columns. There were also a further number of provision columns, vehicle parks and horse depots.
Note: On the army level there would generally be another aviation detachment, a radio detachment and a balloon squadron.
